

U.S. DEPARTMENT OF TRANSPORTATION  
FEDERAL AVIATION ADMINISTRATION

# CERTIFICATE OF WAIVER OR AUTHORIZATION

ISSUED TO  
H5 Productions, Inc.

ADDRESS  
16114 N 81st Street  
Scottsdale, AZ 85260

This certificate is issued for the operations specifically described hereinafter. No person shall conduct any operation pursuant to the authority of this certificate except in accordance with the standard and special provisions contained in this certificate, and such other requirements of the Federal Aviation Regulations not specifically waived by this certificate.

OPERATIONS AUTHORIZED  
MOTION PICTURE and TELEVISION FLIGHT OPERATION

LIST OF WAIVED REGULATIONS BY SECTION AND TITLE  
14 CFR 91.119(b) (c) minimum safe altitudes, 91.303(a)-(e) Aerobatic flight

### STANDARD PROVISIONS

1. A copy of the application made for this certificate shall be attached to and become a part hereof.
2. This certificate shall be presented for inspection upon the request of any authorized representative of the Administrator of the Federal Aviation Administration, or of any State or municipal official charged with the duty of enforcing local laws or regulations.
3. The holder of this certificate shall be responsible for the strict observance of the terms and provisions contained herein.
4. This certificate is nontransferable.

NOTE---This certificate constitutes a waiver of those Federal rules or regulations specifically referred to above. It does not constitute a waiver of any State law or local ordinance.

### SPECIAL PROVISIONS

Special Provisions Nos. 1 to 17 inclusive, are set forth on the reverse side hereof. "See Attached"

This certificate is effective from March 1, 2018 to March 30, 2020, inclusive, and is subject to cancellation at any time upon notice by the Administrator or his authorized representative.

(Title)

**ACTING  
MANAGER**

1. The Certificate Holder must adhere to the accepted Motion Picture and Television Operations Manual.
2. The controls, procedures, and conditions set forth in the Certificate Holder's Motion Picture and Television Operations Manual are the primary assurance that persons on the surface will not be jeopardized. This is the basis for issuance of the authorization and/or waiver. Therefore, failure to comply with the provisions of this manual will be considered a violation of the terms of the waiver and may constitute justification for cancellation of the waiver.
3. Aircraft and pilots used under the authorization of this waiver will be only those specified in the Certificate Holder's Motion Picture and Television Operations Manual and associated plan of activities. Each pilot's name and certificate number shall appear on each plan of activity.
4. All civil aircraft and pilots participating in the activity shall be available for FAA inspections before the scheduled event.
5. The FAA has the authority to cancel or delay some or all participants or events if, in its opinion, the safety of persons or property on the ground or in the air is in jeopardy, or there is a contravention of the terms of the authorization and/or waiver.
6. Authority to deviate from the regulations is limited to the specific regulations shown on the "List of Waived Regulations by Section and Title" section of FAA Form 7711-1 for motion picture and television filming.
7. All flight operations conducted under the authorization of this waiver will be performed in accordance with section 14 CFR part 91.155, basic VFR weather minimums, except as provided in the waiver holder's motion picture and television operations manual, Special Provisions, Aerobatics.
8. Aircraft may not be flown along a path that would require excessive maneuvering to avoid persons on the surface in the event of an emergency.
9. The holder of this Manual shall ensure that each pilot in command conducting operations authorized under this certificate understands the conditions of issuance, and that it constitutes a waiver of § 91.119(b) & (c), 91.303(a) through (e). It does not constitute a waiver of any state law or local ordinance.
10. Section 91.119(b) and (c) is waived only with respect to persons, vehicles and structures directly involved in the performance of the actual filming. Flight operations closer than 500 feet (200 feet if authorized) or over flight of a group of non-essential persons at less than 1,000 feet AGL are prohibited, for Helicopters, flight operations closer than 500 feet from non-essential persons are prohibited; however, this provision may be reduced to no less 200 feet if an equivalent level of safety can be achieved and the Administrator has approved the operation.
11. Rotorcraft takeoff and landing areas must be protected in a manner that will prevent unauthorized persons from entering the helipad area. The helipads must be located so the aircraft will not pass over non-participating personnel during takeoff and landing.
12. In the event of an accident considered to be the result of an event deficiency or procedure, flight operations will be canceled until the deficiency has been corrected and the correction accepted by the FAA District Office responsible for the geographic area in which the activity occurred.

13. The Certificate Holder shall ensure that the persons involved in flight operations are thoroughly briefed on special procedures, communications, and emergency procedures and on provisions of the waiver before beginning activities. This requirement applies to all persons within 500 feet of the aircraft during waived activity. No person may participate in any event unless that person has received a briefing on the provisions of the waiver.

14. The Certificate Holder shall maintain primary responsibility for safeguarding persons and property on the surface.

15. The Certificate Holder must submit three days prior to scheduled filming, a written plan of activities to the FSDO having jurisdiction over the area of proposed filming. The 3-day notification may be waived with the concurrence of the FSDO. Justification of the exception to the 3-day requirement is required.

16. Aircraft operated under the authorization of this waiver will have on board an airworthiness certificate appropriate for the operations being conducted.

17. If an aircraft is to be operated without displaying nationality and registration markings for a motion picture, television or similar production event, this must be specified in the plan of activities, and the operator must comply with 14 CFR45.22(a).
